

Annex C

WHAT WOULD BE MATCHED AS A COVID-19 POSSIBLE EXPOSURE

●— Your visit window (based on SafeEntry records)

■ COVID-19 visit window

- Your visit window had **at least 5 min overlap** with the COVID-19 visit window, **and** You checked in **within 12 hrs before, or during** the COVID-19 visit window
- If you had **more than one overlap** with the COVID-19 visit window, **each lasting less than 5 min**

Possible exposures will be shown inside your TraceTogether app, SingPass Mobile app, and the weryouthere.safeentry.gov.sg portal.

For **places where safe distancing measures are hard to adhere to** (e.g. dining places and gyms where people don't wear masks for extended periods), a **SMS notification** would be sent as well.

SITUATIONS THAT WOULD NOT BE MATCHED AS POSSIBLE EXPOSURES
